

Elf Nr

SOUTH PACIFIC SEEDS
SINCE 1986

Specifications

Crop

Lettuce

Market Segment

Cos - Mini

Disease Resistance

High Resistance: Bl:1-27,29,32, Nr:0

Intermediate Resistance: LMV:1

Features

- Versatile mini cos for the twin heart market
- Fresh green leaf colour
- Upright habit
- Suit head production in open field or hydroponics

Description:

ELF Nr is an outstanding light green mini Cos lettuce with a 17-18cm upright habit for head production in an open field or hydroponics. ELF Nr is a very popular variety with good colour, consistent size, slightly blistered leaves and tight compact heads, making it ideal for packing into twin heart bags. It has resistance to Downy Mildew (Bl), Currant Lettuce Aphid (Nr) and Lettuce Mosaic Virus (LMV).

For a full definition of the disease terms, High Resistance and Intermediate Resistance refer to the product section on our website.

The information provided is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions including cultural/management practices, climate, soil type and geographic location. As a consequence South Pacific Seeds cannot accept any liability as to the accuracy of this information. **DECEMBER 2016.** ACN 002 887 256
